

Babbling Becks and Brooks

A circular walk of 7 miles (11km) from Binbrook

- 1** Start the walk in the Market Place and walk up the High Street. Take the first public footpath to the right at Wesley Mount.
- 2** Continue along the footpath at the side of the fields, cross the bridleway and continue past Binbrook Top Farm cottages. Cross the track to the farm and follow the footpath across two more fields to the B1203 road.
- 3** With care cross the road and turn left, going down the hill towards Kirmond le Mire. Opposite some buildings turn left at the first public bridleway.
- 4** Keep left where the track forks opposite a small wood and continue alongside the stream for just under half a mile. Cross the footbridge on the left, turn right and follow the bridleway alongside the stream and past a series of fishing ponds to Thorpe le Vale.
- 5** Continue straight on with the cottage on the left and the farm buildings and house on the right. The track then passes through an avenue of trees before meeting the Ludford/Binbrook road.
- 6** Turn left and follow the road with care. At a sharp left bend in the road, go straight ahead and follow the public bridleway.
- 7** At the top of the first field, turn ninety degrees right and continue for 100 yards before turning left again. Follow the bridleway ahead until you reach the road.
- 8** Walk straight ahead along the road and turn left along the bridleway. After crossing the first field follow the bridleway with the wood first on your left and then on your right.
- 9** After the wood, continue along the edge of the fields with the hedgerow on your right. The bridleway then passes through a small copse before continuing along the top of the Wolds and offering a splendid panoramic view of Binbrook with the former RAF station, now Brookenby Village, in the background.
- 10** Where the bridleway ends, carefully cross the road, turn left and walk along the pavement past the church back to the Market Place.
