Milk	£0.50
Yoghurt	£0.50
Ice cream	£0.50
Chocolate	£0.50
Cakes	£0.50
Other	£0.50

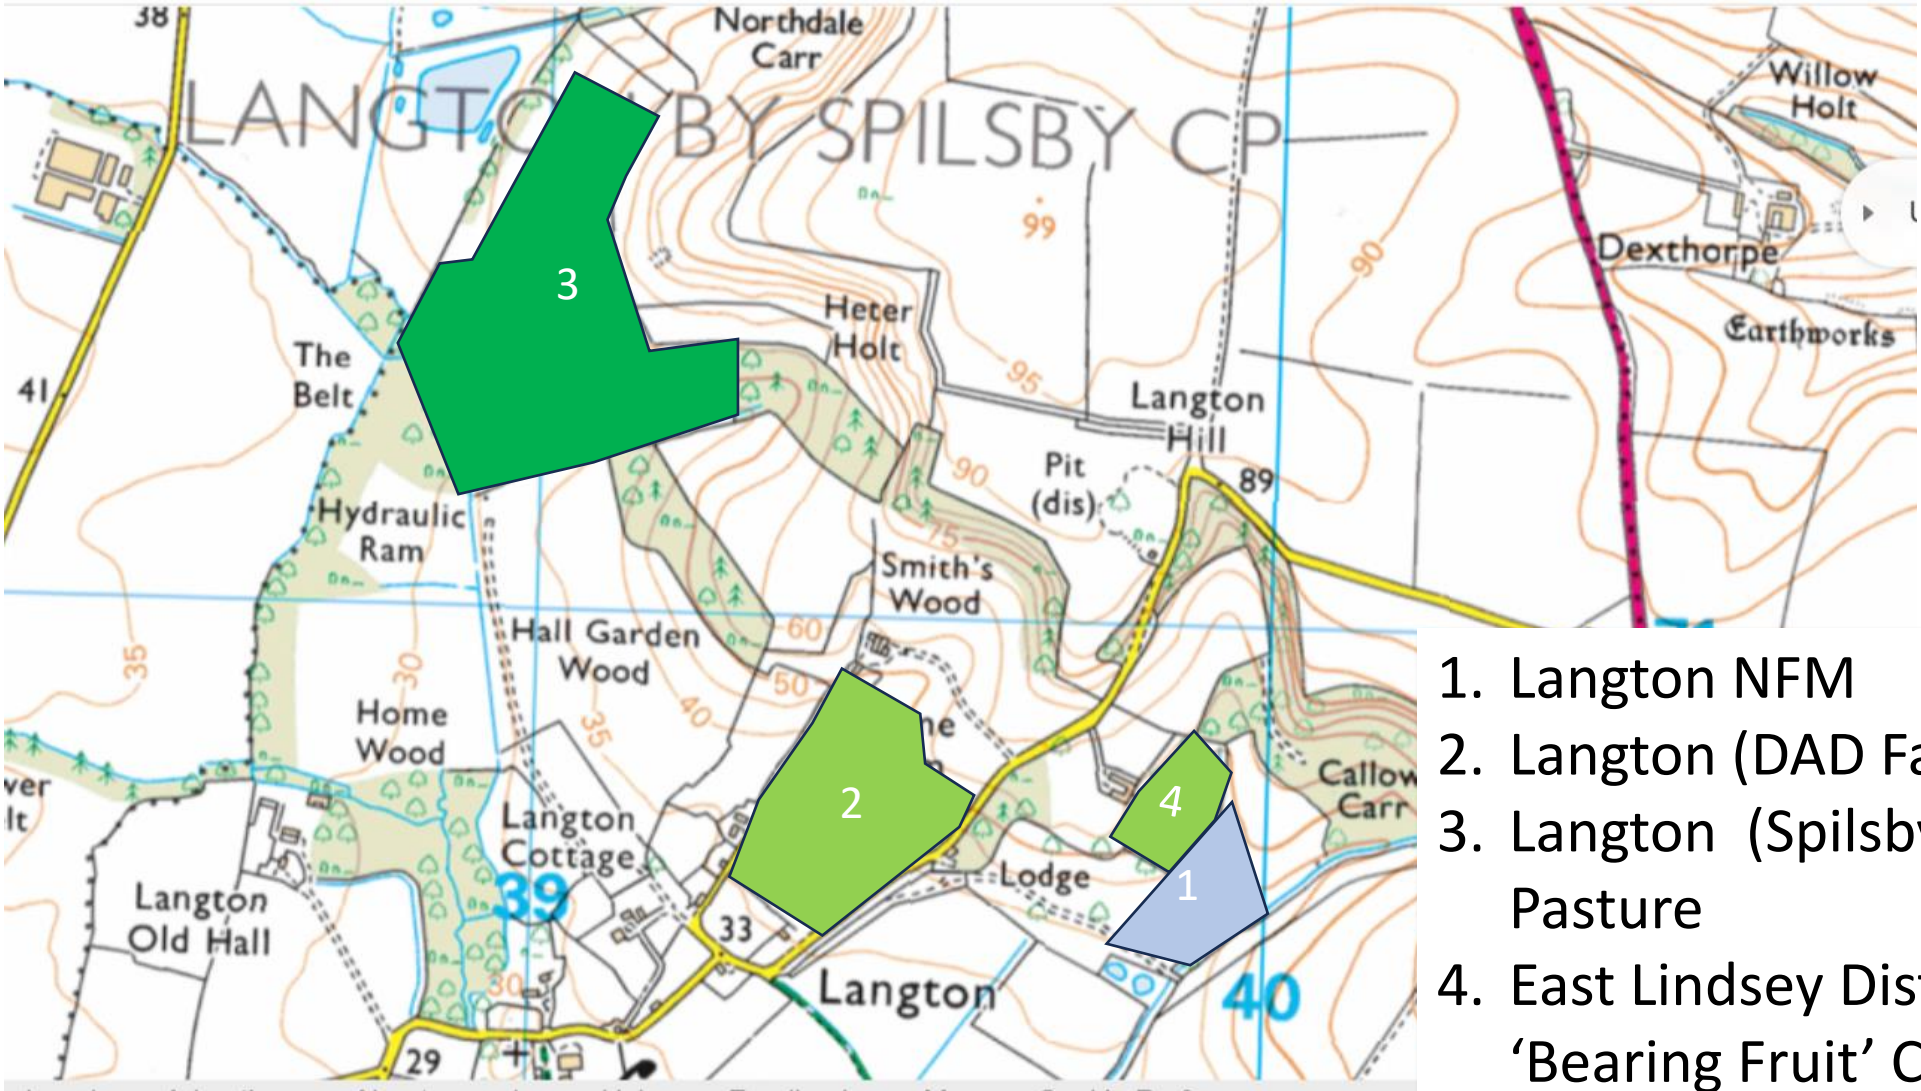

LWFiPL 23 11 - Langton (Spilsby) Wood Pasture

Proposal: Woodland pasture creation – Nordale
Based on the WD6 option under Countryside Stewardship, this will create lowland woodland pasture in an existing grassland field in order to enhance:

- the field's climate resilience for grazing animals;
- the local ecology;
- and the landscape

r Holt

Hall

1. Langton NFM
2. Langton (DAD Farm) Wood Pasture
3. Langton (Spilsby) Farm Wood Pasture
4. East Lindsey District Council 'Bearing Fruit' Community Orchard Initiative

LWFiPL 22 09 – Chalk Spring Farm Hydrological Survey

The Skeleton.....

National FiPL Team Guidance:

“we suggest this is put forward as a variation to the existing project which we are happy to support.

Variation works should only be that required for the necessary excavation and investigation and to enable the existing project to continue. This will also need signing off by a senior member of the PL team. As both the original project and the expected variation cost, as distinct and separate activity, is under 5K LAP approval will not be required but you should notify them as part of the reporting. If approved, please also ensure the monitoring return is updated accordingly.

All sounds very interesting and gives a much wider interest and outcome to the original project, so all very exciting”
